

BULLETIN - BARRICADES

**Barricades are to be handled by Mall Operations *only* —
not Tenant Coordination.**

**Mall Operations is responsible to charge the Tenant
and or Tenant's Contractor.**

**As with any Mall work, you may use your contractor or work
with the contractor that is performing the Landlord Work.
In either case, you must coordinate with Mall Management.**

**If the tenant is supplying their own temporary graphics, the
graphics need to be approved by Mall Management as well.**
