

BULLETIN

Miscellaneous

(11/18/11)

This bulletin is to make you aware of issues that have been identified by the mall and other retailers and mandates Tenant's architect and engineer incorporate into construction documents.

Food Tenants are required to perform the following during construction:

- Pest control services **must** be performed prior to demolition and again after demolition has been completed.
- All walls **must** be treated again prior to closing and nail inspection.
- Contact mall operations for approved pest control provider.
- A certificate of Pest Control services must be provided to mall management upon completion of service.
