GETTING STARTED IN YOUR SIMON MALL

Kiosk Criteria

In order to achieve a cohesive mall environment, it is imperative that all mall amenities be treated in the same design theme and coloration. This is true not only for the mall amenities and carts, but also for Simon's kiosk tenants. With this goal in mind, we have established some criteria that will assist you in selecting a kiosk that meets the approved standards of this Simon mall.

The guidelines reflected below follow the current Simon Property Group requirements for kiosk design and have been written and approved by Simon and kiosk vendor, Kiosko, Inc. These criteria must be followed closely to conform to mall standards.

Please note: deviation from these design criteria requirements may be considered by the Landlord with modifications based on tenant merchandise, local guidelines and/or space limitations being the factors for this consideration.

Kiosk Criteria:

- Must have final approval** by a Tenant Coordinator. Submittal Packs must include:
 - Elevations showing all kiosk dimensions
 - Color drawing, rendering or photograph of design
 - Material finish samples of cabinet, countertop and toe spaces
 - Planogram showing display and merchandising scheme
 - Sign elevation, sections and details
 - Electrical plans and load calculations

- Must be an open concept** without obstructing sight lines through the mall.
 - Total height is 8' AFF including overhead signage
 - Total cabinet height is 42"
 - Total corner height is 60"
 - 4-6" toe spaces

- Must be made of approved materials** complete with protected edges, UL certification and durable craftsmanship.
 - Cabinets are generally glass showcases made of wood grains, powder-coated materials and natural stone materials.
 - Countertops are solid surface materials such as metal and Corian® type solid surface, high-pressure laminates and natural stone.
 - Toe spaces are made with durable non-porous materials such as stone, metal or Corian® type solid surface.

Visual Merchandising Guidelines for Cart

Creative merchandising is the key to a successful Retail Merchandising Unit (cart). To get started, you will be required to meet with the Visual Merchandiser/Short-term Leasing Representative and Mall Manager. Please note that unless previously negotiated, all props and fixtures are the tenant's responsibility.

1. Design and Submission Requirements

- A. Provide the following information to have a productive meeting:
 - 1. list of products;
 - 2. list of prices (wholesale and retail);
 - 3. photos or samples of products.
- B. You will discuss the following in the meeting:
 - 1. fixtures;
 - 2. props;
 - 3. merchandise presentation.

2. Visual Presentation and Merchandising

- A. The Visual Merchandiser/Management Team will review the initial set-up of the merchandise and display package and provide final approval. Please note that you will have to budget some revenue for fixtures and/or props.
 - 1. No changes can be made to the final presentation.
 - 2. No change in the design structure of the RMU is permitted.
 - 3. Merchandise or display fixtures may not be attached to the RMU with nails, glue, screws, bolts, staples, etc.
 - 4. No fixtures, merchandise or stock are allowed on the floor.
 - 5. The mall will provide one (1) director's type chair or stool.
 - 6. All trash, coats, supplies (bags, boxes, cleaning items, etc.) back stock, security enclosure are to be stored inside the unit completely out of sight.
 - 7. Merchandise should be arranged in major categories.
 - a) Arrange merchandise in a natural order by price, color, size, texture, etc.
 - b) Make the customer's selection process as easy as possible.
 - c) Never mix categories.
 - d) Arrange merchandise to make your space look full.
 - 8. The space at eye level, below the canopy top and above the RMU body, is critical. Make your merchandise the focal point.
 - a) Easy product recognition is very important.
 - b) Enhance merchandise with related props or displays.
 - c) Establish a theme.

3. Signage

- A. The mall provides information to tenant for cart signage name.
- B. The name should be related to the product or service being offered and must be approved by the Short-term Leasing Representative.
- C. Names should be interesting, eye-catching and/or unique.
 - 1. Do not use your personal initials as a name.
 - 2. You have 10 seconds to attract the shopper's attention.
 - 3. Whimsy or a play-on-words is a good way to create a name.

GETTING STARTED IN YOUR SIMON MALL

Visual Merchandising Guidelines for Kiosks

The mall does not provide kiosk units, each tenant must provide their own structure. This unit must be approved in advance prior to fabrication and set-up.

The following criteria are required:

1. Design and Submission Requirements

- A. Kiosk designs will be reviewed prior to set up and will be approved on a case-by-case basis by Short-term Leasing Representative and/or Mall Manager.
 - 1. Provide photos or detailed drawings of the proposed set-up.
 - 2. Provide color and material information.
- B. If a unit has not been designed previously, refer to the Preferred Vendor listing in this document or visit simonbiz.net for recommended vendors.
 - 1. Visual Merchandiser will create a design.
 - 2. Color, material and dimensions will also be determined.

2. General Information

- A. Kiosks are to be fabricated and installed by the tenant and at the tenant's expense.
- B. No changes may be made to the kiosk following installation.
- C. All merchandise must be displayed within the kiosk on approved fixtures.
- D. Any holiday decor, garland, b-lights, additional props, seasonal theme decorations, etc. are strictly prohibited unless added to your unit by the mall office.

3. Kiosk Design Requirement

- A. Maximum dimensions of the kiosk shall be **10' wide by 10' long**. Kiosk shall **not exceed 8'** at its highest point.
- B. Overhead canopies and structures are not permitted.
- C. Kiosk shall be freestanding. Penetration of the mall floor is **not** permitted.
- D. Track-type lighting is mandatory for illumination of merchandise. "Goose neck" style lighting is **not** allowed.
- E. Flashing, intermittent, colored or strobe lighting will **not** be allowed.
- F. Design must meet city/county guidelines.

4. Kiosk Materials

- A. Prior to set up, the Visual Merchandiser/Short-term Leasing Representative and Mall Manager must give final approval on kiosk materials.
- B. Finishes must complement the finishes within the center.
- C. Lighting fixtures, hardware, sign, and trim and all exposed metal surfaces must be finished to match or complement the mall finishes.
- D. Showcases must have tempered glass.
- E. Must have 4-6" toe kicks.
- F. All exposed laminate edges on the outside of the kiosk must be protected with aluminum, PVC edge banding, solid wood or some other type of durable protection.

5. Sign Regulations

- A. A maximum of two (2) signs will be permitted. Each sign must face traffic flow.
- B. The Visual Merchandiser or Mall Manager must approve all signs prior to fabrication and installation.
- C. Sign design and finishes shall be compatible with the kiosk design.
- D. No additional signs or advertising (excluding price points and return and/or exchange policy) may be displayed unless specifically approved.

GETTING STARTED IN YOUR SIMON MALL

Visual Merchandising Guidelines for In-Line

Visual merchandising is the key to a successful in-line space. We strive to make our short-term lease (or temporary) tenants have a permanent tenant look. To assist you in accomplishing this goal, we require that you meet with our Visual Merchandiser. Please note that unless previously negotiated, all costs related to the space design are the tenant's responsibility. The final approval for the opening of the in-line space will be given by the Short-term Leasing Representative or Mall Manager.

1. Design and submission Requirements

- A. Provide the following information to have a productive meeting:
 - 1. list of products;
 - 2. list of prices (wholesale and retail);
 - 3. photos or samples of products;
 - 4. photos of your other stores (if you currently have a business).
- B. You will be discussing the following:
 - 1. fixtures;
 - 2. decorative accents;
 - 3. paint colors;
 - 4. room alterations/additions;
 - 5. signage.

2. Signage

- A. A photograph or rendering of the storefront sign must be submitted prior to fabrication and installation for approval.
- B. Three-dimensional signs are required.
- C. Back-lit signs are not required, but are preferred.
- D. Banners are not permitted at any time.
- E. In-store signage should not be within 3' of the storefront.

3. Fixtures

- A. All fixtures, including counters, must be typical professional store fixtures.
- B. Unfinished fixtures are unacceptable.
- C. All fixtures must be in good condition with no scratches, broken laminate, etc.
- D. All materials are subject to visual merchandiser's approval.

4. Opening for Business

- A. Unless you have a back entrance, all fixtures and merchandise must be brought in after the mall closes or before the mall opens.
- B. The store must be completely merchandised prior to opening for business.
- C. Storefront sign must be installed prior to opening for business.

5. Store Closing

- A. Tenant will be given three (3) days to completely move everything out of the in-line space when the lease expires.
- B. The store must be in good condition when the tenant moves out.
 - 1. Floor broom cleaned.
 - 2. All stock, fixtures, etc. removed from the store.
 - 3. All fixtures, lights, counters, etc. adhered to the walls, ceiling or floor must remain in the space.
 - 4. Remove storefront sign.

Understanding Credit Card Processing and Equipment

In today's economy the acceptance of credit cards represents approximately 70% of all transactions. Not accepting credit cards can force your customers to look elsewhere for a product you sell!

Consumer Facts:

- Nearly 1 in every 3 consumer purchases in the United States is made with a payment card—including credit, debit and prepaid products.
- Of every \$100 spent by consumers, nearly \$40 is in a form other than cash or check.
- Consumers carry more than 1 billion Visa cards worldwide—nearly 450 million of those cards are in the United States.
- U.S. Visa cardholders conduct more than \$1 trillion in annual volume.
- The average ticket for Visa purchases is consistently higher than a cash purchase.

Simon Business Network is working with Alliance Financial Services (AFS) and CardWare to offer a credit card processing and equipment solution at affordable rates. Ask yourself these simple questions:

- Have I turned away business because I don't accept credit cards?
- Do I want to offer my customers the convenience of using a credit card for their purchases?
- Do I want to be able to take phone or on-line orders?
- Do you want to reduce the risk associated with accepting checks?
- Am I accepting credit cards today but unhappy with my current rate?

If you answered "yes" to any of these questions, credit card processing is a service you need.

About Processing Fees

As with any processor of credit cards, there is a fee associated with each transaction made on a credit card. Fees vary from processor to processor. As you investigate your processor options remember to consider the following:

- Discount rate (a percentage of sales)
- Per-item fees
- Monthly minimums
- Statement fees
- Charge-back processing
- Fees for supplies (e.g., drafts, roll paper, etc.)
- Terminal lease or rental fees

Alliance Financial Services can help you make sense of the fees associated with credit processing as well as assist you in selecting the equipment that fits your business needs. And, by special arrangement with Simon Business Network, AFS offers **immediate savings! Up to \$325*** on the industry standard fees associated with getting your credit card processing service started!

Simply fill out the *Pre-Application* (see page 16) and fax it to **831-308-8243**.

Equipment Solutions Made Easy!

Once you've completed the *Pre-Application*, AFS will contact you to discuss your specific needs. And, because AFS is a full service processor, they can assist you with your credit card terminal needs as well. Alliance Financial Services works directly with Cardware to bring you options for purchasing or leasing equipment at very competitive prices (see page 15 for options and pricing).

***Application, extra location, reprogramming and on-site training fees waived.**

GETTING STARTED IN YOUR SIMON MALL

Frequently Asked Questions

1. **What are carts, kiosks and in-lines?**

Cart – freestanding unit provided by the mall in the common area. Phone jacks and electrical is provided.

Kiosk – a unit provided by the tenant – at the tenant's expense – to be used in the common area. Phone jack and electrical is provided. Mall management must approve design prior to fabrication and installation.

In-line – a vacated permanent store with walls and a storefront. Phone line provided; electric service provided is negotiable.

2. **Are there visual requirements?**

Yes. You will be required to meet with our visual merchandiser if one is available on site. If not, the Short-term Leasing Representative or Mall Manager will work with you on your store presentation, fixtures, props, etc.. Final approval will be given by the Short-term Leasing Representative or Mall Manager.

3. **Is fixturing provided?**

Not typically. Fixtures and props are the tenants expense.

4. **Can I take up more than my designated common area space?**

No. All product must remain within the boundaries of your leased space.

5. **Can I attach to the cart?**

No. Absolutely no drilling, taping, hammering, screwing can be done to the unit.

6. **Are cash registers provided?** No.

7. **What do I need to become a tenant?**

- Have a unique concept
- Valid business license/tax I.D. number
- Certificate of Insurance naming the mall as additional insured with the designated limits (see attachment).
- Meet with the visual merchandiser, Short-Term Leasing Representative or Mall Manager to discuss your concept.

8. **What kind of term is offered on the lease?**

It is negotiable – typically a minimum of 3-6 months but no longer than a calendar year.

9. **Do I have to be open all mall hours?** Yes.

10. **Why are rates typically not given over the telephone?**

To give an accurate rate, the application must be reviewed to evaluate what type of space is needed; and what product/service is being proposed.

11. **Can I pick which location I want in the mall?**

The mall staff will make every effort to accommodate location requests. However, please understand that empty spaces may be unavailable due to legal issues or pending deals. Location selection also includes factors like mall merchandise mix, market rates for space, and pending permanent and temporary leasing activity.
